

Outreach Notice

Supervisory Forester – GS-460 11 (Louisiana Field Crew Supervisor)

Southern Research Station - Forest Inventory & Analysis (FIA) – United States Forest Service

Response Due: April 26, 2020

Introduction: The position listed above for the Supervisory Forester will be *re-advertised* and we anticipate posting in usajobs.gov by mid-May, 2020.

Duty Location: Pineville, Louisiana

Duties include, but are not limited to:

- Supervise the Forest Service FIA Field Crew in Louisiana.
- Take an active role in promoting field crew safety and assures that safety and health hazard analysis and emergency action plans are completed as required.
- Coordinate the collection and inspection of data.
- Provide feedback and timely responses to questions regarding data collection protocol, contacting regional and national experts as necessary to ensure national consistency in data collection methods.
- Evaluate quality of data collected to ensure standardized protocols are used.
- Participate on Forest Inventory and Analysis task teams to develop and implement forest inventory protocols and information management systems and promote data collection consistency.
- Implement cleanup of forest inventory data; utilizes logic checks, complex databases, and subject matter expertise to identify errors.
